Abstract Guidelines

EORNA 2019 welcomes the submission of abstracts that make an original contribution to the field. All abstracts submitted will go through a blind, peer-review process carried out by an international review panel. Each abstract will be reviewed by at least two reviewers and the final selection of abstracts will be completed by members of the Scientific Committee.

Guidelines
- The deadline for submitting an abstract for an oral presentation is midnight Central European Time (CET) on July 15, 2018. The deadline for submitting an abstract for an ePoster presentation will be in early 2019.
- All abstracts must be written in English. Please use sentence case.
- All abstracts must be submitted online via the conference website
- Abstracts sent by fax, post or email will not be considered. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact will be reproduced as submitted by the author.
- Please note that it is still possible to edit an abstract, even after having clicked "submit", until the deadline
- The text should not exceed 300 words including spaces and not including title. The text of the abstract should briefly state:
  - **Objectives**: Indicate the purpose of the study or the hypothesis that was tested.
  - **Methods**: Include the setting for the study, the subjects, the diagnosis or intervention, and the type of statistical analysis. If references are needed, they should be provided in the text.
  - **Results**: Present as clearly as possible the outcome of the study and after significance if appropriate
  - **Conclusions**: Briefly discuss the data and emphasize the significance of the results. All abstracts should disclose primary findings and avoid, whenever possible, promissory statements such as "experiments are in progress "or "results will be discussed".

Rule of Two
Each presenting author may present a maximum of two abstracts at the Conference. There is no limit to the number of abstracts which may be submitted by one author.

Abstract Categories
The abstract categories are the general heading under which abstracts will be submitted and reviewed.

1 Scientific research
2 Perioperative/clinical practice
3 Education
4 Leadership/management
5 Patient safety
6 Healthy workplaces

Notification of Acceptance or Rejection
Notification of acceptance or rejection will be sent to the corresponding author be the end of November 2018. Please note that only the corresponding author will receive this email concerning the abstract and is responsible for informing all co-authors of the status of the abstract. Authors whose abstracts have been accepted will receive instructions for the presentation of their abstract.
